ACRES FOR AUROVILLE Land Campaign
24 November – Commemorating “Victory Day”

Auroville’s third generation for human unity!
Over 1000 babies have been born in Auroville since its start. Of those now grown up, many have opted to remain and build their lives in Auroville, while others keep in touch from a distance and contribute in whatever way is possible. Today, there are the children of the children of the first pioneers – a third generation, together carrying forward the beautiful torch of Auroville!
Obviously, Auroville is here to stay!

These children have the privilege of imbibing the atmosphere of the great vision and ideals of Auroville, as enunciated in the Charter and the numerous messages of the Mother:
- Auroville wants to be a universal town where men and women of all countries will be able to live in peace and progressive harmony, above all creeds, all politics and all nationalities
- Auroville will be the place of an unending education, of constant progress, and a youth that never ages
- In this place, children would be able to grow and develop integrally without losing contact with their soul.

Auroville is a remarkable ongoing success as a growing multi-cultural city, filled with immense opportunities for progress, growth, and creativity. But its success has made its still-missing plots a target for outside speculators. A4A aims to buy these designated acres for the City of Dawn now. Together, let’s make sure that the children born here, and those who come here, grow up in a harmonious universal township, with the needed unified geography for fulfilling its great Dream!
Bring YOUR support and donate for completing Auroville’s designated but still-missing land!!
